	MEMORANDUM	FOR: Director of Security	
STAT	FROM:	Deputy Director of Security (P&M)	
	SUBJECT:	DDA Discussion Items	
	Bill:		
	I woul the DDA on	d suggest the following items for discussion with 15 September 1983:	
	*	The New Polygraph School: The renovations are complete, and a visit is appropriate.	
STAT	*	Clerical Pay: Both OS and OD&E have serious problems on the attached material.	ΔT
CTAT	*	ODP Assignee to the Office of Personnel: There is great potential in the computer area in terms of the Applicant Processing Communications System, and OP surely needs an ODP careerist. Early indications are that they want to draw fully on our man,	
SIAI		This is a Directorate problem.	
STAT	*	Security Awareness: The briefings of CI Staff on 15 September went well, except for the fact that is resurrecting the "cohabitation" issue and made it known that an Agency directive should be issued.

POINTS FOR DISCUSSION BETWEEN D/S AND DDA ON 15 SEP 83

0	Upd	ated Termination Statistics	
	o	CY 1982	STAT
		CY 1983	
	0	Breakdown (CY 83)	
		Drug Issues Sexual Behavior Problems Criminal and Dishonest Issues Gross Suitability Issues Mishandling Classified Information	STAT
	0	Clerical Pay (see attached draft memorandum)	
	o	Systems Working Group (see attached tasking Memorandum). OP has not identified an ODP person to handle the OP portion of the effort. the OS ADP representative from ODP is having to devote almost all of his time to establishing the OS/OP interfaces on this priority activity.	
	o	A planning meeting with the CFO Wang site survey team members is scheduled for next Wednesday, 21 September. The team will conduct its survey during the week of 3 October.	
	۰	We are considering ways to provide formal CRAFT training classes for personnel scheduled for overseas assignment. Such training could be provided to large groups Headquarters.	
	0	We are taking a look at scheduling Regional CRAFT Seminars to provide training to personnel already overseas who have not be CRAFT-trained at Headquarters.

NOTE TO FRED:

1. Attached is the info of the Applicant Processing Communications System (APCS) as requested. Please note as per our conversation and my conversation with Skip that it is too early at this time to predicate the amount of effort which will be required on my part. All I can say at this point is that it has the potential of absorbing a good deal of my time during the September through January timeframe. Also, stated in his opening comments to the group that this effort was to have "top priority."

2. The group has met twice so far and another meeting is planned for next week. The first two established the overall responsibilities and identified the working group members:

STAT

STAT

Our responsibilities were defined as:

- Document current flow/functions

September

- Define office level user requirements

October

Develop coordinated/consolidated APCS user requirements

November

- 3. The amount of effort required will depend on the scope, documentation standards adopted, and the level of detail expected. I was able to use Dottie's paper for documenting OS's current flow/functions (Requirements for Office Automation, dated October 1982). This will be presented to the APCS team members next week. The remaining two tasks will have to be developed from scratch and will require considerable effort.
- 4. As you can see, the proposed timeframe overlaps with the CFO activities and ______ move. Perhaps we may be able to minimize our effort by addressing only those interface requirements needed for SIMS and insisting that OP take the lead/responsibility for developing the overall requirements.

MEMORANDUM FOR:

Deputy Director for Administration

Deputy Director for Intelligence
Deputy Director for Operations

Deputy Director for Science and Technology

Director of Security

Director of Medical Services Director of Data Processing Director of Communications

FROM:

James N. Glerum

Director of Personnel

SUBJECT:

Applicant Processing Communications System

The Deputy Director of Central Intelligence has approved a recent IG Survey recommendation that the Executive Director establish a team chaired by a senior OP officer with representatives from each Directorate, as well as Office of Security, Office of Medical Services, Office of Data Processing, and Office of Communications to establish a comprehensive applicant processing communications system. The Executive Director has requested that I form this team and I have appointed as the chairperson. So that may plan the first meeting, please advise this office by 10 August of your representative. Pertinent abstracts of the IG Report are attached.
